Your Guide to Real-Life Budgeting: From Paycheck to Plan

07/20/2026 | 12:30 PM

Financial stress can affect many areas of life, but gaining control starts with understanding where your money goes. In this workshop, we'll explore practical budgeting strategies for different spending styles, show you how to track expenses and apply simple budgeting ratios, and introduce helpful tools to make managing money easier. Whether you're building your first budget or refining your current approach, you'll leave with practical ideas to move from paycheck to plan with greater confidence.
